

# Panel Modernization Assessment Report

Generated by Craft Automation Panel Upgrade vs Replace Advisor

Assessment Date: 2/9/2026

## RECOMMENDED STRATEGY

### RECOMMENDED PATH: EXPANSION PANEL SOLUTION

Space constraints require strategic expansion. We'll design a networked secondary panel that seamlessly integrates with your existing system.

## ASSESSMENT DETAILS

<b>Industry:</b>	Food & Beverage	<b>NFPA 70B Docs:</b>	Minimal
<b>PLC Brand:</b>	Automation Direct	<b>Programming Docs:</b>	Partial
<b>PLC Status:</b>	Modern	<b>Programming Complexity:</b>	Moderate
<b>Primary Concern:</b>	Efficiency	<b>Remote Access:</b>	Full Control

## SELECTED UPGRADE GOALS

- Recipe Management
- Motor/VFD Expansion
- Reprogramming/Logic Updates

## RECOMMENDED NEXT ACTION

Share this assessment report with our engineering team using the contact form on our website. Our team will provide a comprehensive consultation and detailed project plan based on your specific requirements.
